

Sophia Palmer RRG

Stingray One/10 – Nurses Professional Liability

Special Features: Web Based Direct Writer Module
 Credit Card Processing
 Premium Finance Interface

Sophia Palmer Nurses RRG insures all categories of professional nurses: Medical Assistants, Certified Nursing Assistants, Licensed Practical Nurses, Registered Nurses, Advanced Practice Registered Nurses, Physicians' Assistants, Nurse Practitioners, and Nurse Midwives. Nurse Midwives and Nurse Practitioners must work under the general supervision of a physician to be covered.

As a true member owned RRG, the company has deployed the Stingray direct web sales module for easy "Quote, Buy, Print" placement of coverage by its members. The system provides a convenient Internet based interface which completes the transaction for nurses online and creates PDF print documents so that proof of coverage may be obtained immediately.

Integrated with this function is the Stingray Credit Card Processing module. Easily interfacing to any credit card provider, this module securely completes credit card, e-check and other online transactions in seconds. The easy to use interface may be installed with your existing credit card processor data or Stingray also has a number of national providers that we may refer.

Due to existing relationships, Sophia Palmer also offers payment plans through a Premium Finance provider. This interface is built into Stingray and all applicable billing data is available in the policy administration module within Stingray for easy access by customers and underwriting staff.
